

BHABIN DULAL

Full-Stack Developer MERN

Damak-2, Jhapa, Nepal | 9824009974 | bhabindulal35@gmail.com

Portfolio | GitHub | LinkedIn

PROFESSIONAL SUMMARY

BSc (Hons) Computing student currently working as a Full-Stack Developer Intern at MyHeat, building web applications and digital platforms for small businesses. Hands-on MERN stack (MongoDB, Express.js, React, Node.js) experience from real-world remote engineering work, structured training, and four independent production-style projects. Skilled in REST API design, JWT authentication, responsive React UIs, and MongoDB data modeling. Strong communicator and collaborator with a proactive, self-driven approach to learning.

TECHNICAL SKILLS

- Languages: JavaScript (ES6+), Java, Python
- Front-End: React.js, HTML5, CSS3, Tailwind CSS, responsive UI design
- Back-End: Node.js, Express.js, REST API design, JWT-based authentication
- Databases: MongoDB, MySQL
- Tools & Practices: Git, GitHub, Postman, VS Code, IntelliJ IDEA, Figma, OOP, CRUD operations, Agile-style project work

PROFESSIONAL EXPERIENCE

Full-Stack Developer Intern

Jun 2026 – Present

MyHeat (Remote, South Africa)

- Working with the development team on real-world web applications and scalable digital platforms built for small businesses.
- Contributing to full-stack feature development using JavaScript and Node.js alongside the existing engineering team.
- Collaborating remotely with experienced developers, gaining exposure to production codebases and professional development workflows.

PROJECTS

Election Data Visualization Dashboard

2026

- Built a full-stack data visualization platform (MongoDB, Express.js, React, Node.js, Tailwind CSS) to analyze and present Nepal Election 2082 data via a responsive, insight-driven UI.

NagarSewa, Civic Engagement & Complaint Reporting Platform

2026

- Built a full-stack civic engagement platform connecting citizens with Nepalese municipal governments, with full CRUD functionality, user roles, and a structured backend for complaint reporting.

Library Management System (MERN Stack)

2025

- Built a full-stack library platform with JWT authentication, Admin/User dashboards, book categorization, borrowing-history tracking, and a live return-countdown feature.

Open-Source Smart Notebook (MERN Stack)

2025

- Built a digital notebook web app with full CRUD functionality and local storage persistence; published as open-source for peer learning.

EDUCATION

BSc (Hons) Computing

2023 – 2027 (Expected)

Itahari International College, affiliated with London Metropolitan University, UK

Higher Secondary Education (+2 Science)

2021

Siddhartha Boarding Secondary School, Damak, Jhapa

CERTIFICATIONS

- AWS Prompt Engineering (2025)
- MERN Full-Stack Training, Innovation Lab IIC (2025)
- React JS Certification, GeeksforGeeks (2025)
- JavaScript Full Course, GeeksforGeeks (2025)
